The Wasatch Mountain Range runs from north to south from Logan, past Ogden and Salt Lake City to Provo. Along its length are thousands of miles of hiking and mountain biking trails, pretty rivers and great scenic drives. Twelve ski resorts operate in the Wasatch and are consistently blanketed with piles of dry powder. For information on the Wasatch, see [Logan](#), [Ogden](#), [Salt Lake City](#) or [Provo](#).

[Uinta Mountains](#)

The Uinta Mountains are Utah's tallest mountain range with 6 peaks exceeding 13,000 feet. The Uintas contain beautiful alpine forest scenery, grassy meadows, cold clear streams and thousands of alpine lakes. Scores of trails meander through the woods providing hiking and horseback riding opportunities and, in certain areas, mountain biking. Camping opportunities are plentiful both at designated forest service sites and at dispersed sites throughout the range. Fishing in the periodically stock lakes can be sensational.

The western Unitas begin roughly 45-50 miles east of Salt Lake City.
